Dear Channel Partners,

We are pleased to introduce the **updated Version 0.4 of the Channel Partner Score Card (CPSC)** for the **SCVPU business**, effective **1st November 2025**.

Key highlights in the updated Score Card

The updated Score Card has been streamlined for clarity, with a focus on key performance outcomes. We have added the following new parameters:

- New Product Sales – Ace Pro Target vs Actual
- Digital Lead Follow-up – Ensuring follow-up within 24 hours

Some existing parameters have been removed to simplify the Score Card and make it more actionable. In addition to these new additions, **score weightages of a few existing parameters have been realigned**. Please note, There is **no change in the Payout slabs / Tiers** or in the payout calculation methodology. The existing structure remains unchanged as outlined on **Page 27**.

For any further clarification, please feel free to connect with your respective **Zonal SNM / Regional Manager** or reach out to us at cpsc@tatamotors.com.

We believe this revised Score Card will further strengthen our partnership and help us jointly achieve higher levels of performance and customer satisfaction.

Thank you for your continued support. We look forward to working closely with you as we implement these updates.

Best Regards,
Anil Sekhar
