### **Payout**

While there is no change in the CPSC payout tiers / slabs, the payout calculation methodology will be basis the below criteria:

Slab structure

| S No | Tier            | Average Dealer Score | SCV  | ILCV | CV Pass | M&HCV |
|------|-----------------|----------------------|------|------|---------|-------|
| 1    | Excellence Tier | Score >= 90          | 5000 | 5000 | 5000    | 5000  |
| 2    | Super Tier      | 90> Score >=80       | 3000 | 3000 | 3000    | 3000  |
| 3    | Standard Tier   | 80> Score >=60       | 2500 | 2500 | 2500    | 2500  |
| 4    | Push-up Tier    | 60> Score >=40       | 1500 | 1500 | 1500    | 1500  |
| 5    | Look-out Tier   | 40> Score            | Nil  | Nil  | Nil     | Nil   |

- a) Qualifying criteria for payouts : Dealer will qualify for the monthly payouts when all the following conditions are met by the dealership:
  - Minimum dealer LOB CPSC score of 20 out of 50 in Sales
  - Minimum dealer LOB CPSC score of 20 out of 50 in Aftersales.
- b) Overall Payout Tier will be dependent on the composite score. The payout tier will be arrived at using this composite score and basis the same the payout will be calculated for each Product line.

The following example will clarify on the methodology explained above:

| Dealer Name                       | SCV | ILCV | CV Pass | M&HCV | Average Dealer Score |
|-----------------------------------|-----|------|---------|-------|----------------------|
| ABC Dealer – Sales(50 Max)        | 41  | 38   | 41      | 46    | 42                   |
| ABC Dealer – After Sales (50 Max) | 40  | 45   | 35      | 45    | 41                   |
| Total Dealer Score ( 100 Max)     | 81  | 83   | 76      | 91    | <b>83</b>            |

Hence, ABC dealer lies in the Super Tier. As a result, for SCV, ILCV and CV Pass it will get Rs 3000 per offtake vehicle and for M&HCV it will get Rs 6000 per offtake vehicle.
