Channel Partner Scorecard FY23
Update 1.1
w.e.f. 1st April'2022

Dear Channel Partner,

I am happy to announce the revised 'Channel Partner Score Card' (CPSC FY23) for CV dealerships, based on the priorities that we have set for the new financial year and discussed in our recent interactions.

We have seen the competitive landscape evolve rapidly and the pandemic forcing us to be agile and adopt new ways of working. The CPSC FY23 reflect these factors and focusses more on Processes & Enablers. We have included afresh or increased the weightage on Realisation (VME) , Rural ecosystem and sales, FleetEdge, Retail Skew Adherence, Digital leads and value added services such as FMS. The focus on Customer Satisfaction continues to remain high.

These changes become effective from 1st April 2022

Payout -There is no change in the CPSC payout tiers / slabs and the payout calculation methodology will be basis the below criteria:

Slab structure

Sr. No.	Tier	Average Dealer Score	Payout Slabs per vehicle
1	Excellence Tier	Score = or > 800	5000
2	Super Tier	800> Score = or >700	4000
3	Standard Tier	700> Score = or >600	3000
4	Push-up Tier	600> Score = or >500	2000
5	Look-out Tier	Score <500	Nil

Note: The Parameters will be calculated based on data available with SHQ. There will be no changes accepted after the cutoff date for changes.

The payout will be based on retail number (Net of Cancellation) and Govt. Sales will not be considered for payouts.

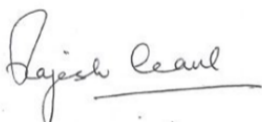

Qualifying criteria for payouts: Dealer will have to achieve minimum defined scores in following parameters to be eligible for any payout

- Score of 70% and above in PSF Sales Calling
- In case PSF Sales Scores are not above 70%, the Payout for that month will be Zero.

Please get in touch with the Regional SNM / State Head in case any further clarification is required or email us on cpsc@tatamotors.com

We are confident you & your team will continue to leverage the CPSC monthly score card program and strive for superior performance & customer experience

Warm Regards,

Rajesh Kaul
